

4052
Suicide Prevention Training

The following employees are required to complete at least one hour of suicide awareness and prevention training every year:

- school nurses
- teachers
- counselors
- school psychologists
- administrators
- paraeducators
- bus drivers
- kitchen staff
- custodians
- secretarial and clerical staff

These employees must complete the on-line training provided by the Nebraska Department of Education no later than September 1 of each school year or within 30 days of their initial employment. Failure to complete this training shall constitute just cause for the termination or nonrenewal of an employee's contract.
